

師資培訓 Teacher Training

2014-15年度，苗圃行動師資培訓共有5個項目，累計派出工作組13次，直接受益762人次。項目地點主要為四川省涼山州雷波縣、雲南省臨滄市雙江縣及雲縣。

師資培訓包括學前教育、英語、心理健康及學校綜合發展四個範疇。我們與不同的機構和培訓專家合作，以送教、跟班培訓、外出學習觀摩的形式進行培訓。其中的學校綜合發展計劃，我們以雲南省臨滄市雲縣忙懷中學及四川省涼山州雷波縣黃琅中學為重點，按照學校需要提供英語及心理健康的師資培訓，以學年為單位的針對性培訓，讓教師在不同的方面持續學習，有所提昇，最後讓學生受益。

In year 2014-2015, Sowers Action has started 5 teacher training projects and sent 13 work groups for the projects, in which 762 teachers were benefited. The projects are mainly carried out in the Leibo County in Liangshan Yi Autonomous Prefecture, Sichuan Province, Shuangjiang and Yun County in the Lincang Prefecture, Yunnan Province.

The training programmes include 4 main areas: preschool education, English, mental health and comprehensive school development. We cooperated with different organisations and professionals to carry out the trainings in the form of on site training, classroom performance and assessments, as well as observation through various school visits. We had chosen 2 schools as the key training points for the comprehensive school development programme: Manghuai Middle School in Yun County, Lincang Prefecture, Yunnan and Huanglang Middle School in Leibo County, Liangshan Yi Autonomous Prefecture, Sichuan. This programme provides teacher trainings in English and mental health according to the needs of these two schools. Besides, we also conducted courses in different areas throughout the whole year for teachers to improve respective skills, which in turn benefits the students.
