DIRECTORS' REPORT

The directors present their report and the audited financial statements of Sowers Action (the “Company”) for the year ended 30 June 2025.

1. PRINCIPAL ACTIVITIES

The Company was engaged in funds raising to support the operations of the education program and livelihood needs around the world. There were no significant changes in the nature of the Company’s principal activities during the year.

2. RESULTS

The Company’s results for the year ended 30 June 2025 and the Company’s financial position at that date are set out in the financial statements on pages 10 to 52.

3. DIRECTORS

The directors of the Company during the year and up to the date of this report were:

Lee Yan Kit (Chairman)

Tang Ho Lun Ronald (Vice Chairman) (Retired and re-appointed on 9 November 2024)

Zen Tung Yee Toni (Vice Chairman) (Retired and re-appointed on 9 November 2024)

Shum Wing Sze Quiny (Vice Chairman) (Retired and re-appointed on 9 November 2024)

Pak Paul (Treasurer)

Mo Sik Keung Gilbert (Retired and re-appointed on 9 November 2024)

Sit Hung Hai

Lee Lap Kuen (Appointed on 9 November 2024)

Chan Chi Keung (Retired on 14 October 2024)

Choi Shiu Ming (Retired on 9 November 2024)

In accordance with Article 55(b) of the Articles of Association, Lee Yan Kit, Pak Paul and Sit Hung Hai will retire but eligible for re-election in forthcoming annual general meeting.

4. PERMITTED INDEMNITY

During the year ended 30 June 2025, a permitted indemnity provision as defined in the Companies Ordinance was in force for an indemnity against a liability incurred by directors of the Company, to a third party.

5. BUSINESS REVIEW

Organizational Review and Outlook

Hong Kong's economy has been negatively impacted by wars and unrests as well as slow economic growth around the world. Corporations and individual spending and related donations have slowed down significantly. In addition, with ever increasing numbers of non-profits and competing fundraising activities, fundraising is becoming more and more difficult. Nevertheless, we believe that our unwavering commitment to our mission and vision will continue to resonate with and touch our society, our donors, in a heartfelt manner.

Looking back on the year, Sowers Action ("Sowers") raised HK\$11.19 million, HK\$2.33 million and HK\$2.47 million respectively, for Project, Development, and Operation funding. In comparison, Project, Development and Operational spending totaled HK\$13.11 million, HK\$0.51 million and HK\$4.11 million respectively, and have left a sizable deficit on Operation Fund.

Local Initiatives – Steadily Take Roots

It has been over a year since Sowers Action Shamshuipo Center relocated to the current location and it has seen steady development. We are currently serving over 1,600 families through a variety of programs and activities that are made possible by the generosity of our partners and corporate sponsors. This past year, we have organized 251 activities benefiting 7,356 persons, conducted 445 family visits and 1,435 phone calls to care for the needs of our members. In response to pressing and urgent needs, Sowers has established a Scholarship Fund for students requiring financial assistance as well as a Medical and Emergency Assistance Fund helping impoverished families with medical care and assistance in emergency situations. In addition, we have launched the "Relationships Come First" initiative which aims to promote family relationships and assist children with learning difficulties.

Mainland China and Overseas - Sustainable Development

With the support of "Yunnan Province Federation of Returned Overseas Chinese", Sower's operating arm in the mainland, our organization focused on funding projects for high school students, community development, and the "Sending Warm Love" program.

In response to the major earthquake in Myanmar in March 2025, we raised approximately HK\$400,000 for disaster relief; and also continued to provide support for a disable school and children's home.

SOWERS ACTION
苗圃行動
DIRECTORS' REPORT

5. BUSINESS REVIEW (CONT'D)

Mainland China and Overseas - Sustainable Development (cont'd)

The “Sowers Action Nepal Community Center” has been in operations for over a year offering Chinese and English classes, community library and a variety of educational and cultural activities. To meet needs of local female high school students, a dormitory was built along with offerings of financial assistance and training support to provide comprehensive assistance to them.

In addition, Sowers supports the integration of Chinese language classes into school curriculum for schools along the China-Nepal border. With bi-lingual skills, this project helps to elevate students' future employability.

Fundraising Events – A Legacy of Compassion

This year's fundraising events, including the Challenging 12 Hours Charity Trail Marathon, Long March for Education, and Walk to Guangzhou were all held successfully. At the same time, we have created and experimented other events to drive up donations, most notably the “Ageless Long March” initiated by our founder, Mr. Choi Siu Ming, which he and a partner endured an eight-month march across China to raise resources for our Development Fund.

The “Walking the Gobi for Charity” and the “HKRP x Sowers Action 2025 Charity Concert” helped raise funds for the Nepal project and Sowers Development Fund, respectively.

With continuing support of the Home and Youth Affairs Bureau and the Youth Development Commission, our student exchange programs visited Shanghai and Nepal, enabling our youths to broaden horizons and learned the value of public services.

Innovation and Breakthroughs – Reaching New Heights Together

Given this challenging fund raising environment, the Board of Directors has decided to reduce overseas and mainland projects in favor of increasing resources to local Hong Kong initiatives. The “Children's Haven” community services initiated for Sham Shui Po will expand to Kwai Chung.

There have been major breakthroughs this year in services in Hong Kong, including:

1. The launch of “Kwai Tsing District Caring for Low-income Children and Home Visit Campaign,” a large-scale event that has successfully expanded the organization's services into the district.

SOWERS ACTION
苗圃行動
DIRECTORS' REPORT

5. BUSINESS REVIEW (CONT'D)

Innovation and Breakthroughs – Reaching New Heights Together (cont'd)

2. To enhance visibility of Sowers, we have invited celebrities from the entertainment industry to act as event ambassadors. We were honored to have Mr. Vincent Wong, the Best-Leading Actor, to perform “Children’s Haven”, a theme song custom-written for Sowers by Hong Kong New Voices.
3. Working in collaboration with several well-known Hong Kong educational and professional institutions, included Department of Counselling and Psychology, Hong Kong Shue Yan University, Department of Social Work, Saint Francis University and Hong Kong Youth Power Association.
4. Sowers has successfully launched “Sowers Youth Committee” with mission to promote public services and volunteer spirits to Hong Kong’s younger generations.
5. Our first-ever large-scale fundraising concert co-organized with people with disabilities as held at the Hong Kong Cultural Centre.

For better management, the Board’s core directors formed a Reform Committee to carry out organizational changes and review staff codes of conduct and performance.

Looking ahead, our organization will seek a balance between tradition and innovation, capitalizing on cross-sector collaboration, technological applications, and emerging fundraising models to diversify our fundraising channels. At the same time, we aim to strengthen our brand recognition and participate in volunteer recognition awards.

Our goal is not only to raise funds but also greater awareness of educational equity and children’s development. In doing so, we hope to create a brighter future for the next generations.

6. EVENTS AFTER THE REPORTING PERIOD

Details of significant events occurring after the reporting period are set out in note 31 to the financial statements.

**INDEPENDENT AUDITOR'S REPORT
TO THE BOARD OF DIRECTORS
SOWERS ACTION****苗圃行動****(Incorporated in Hong Kong with limited liability)****Opinion**

We have audited the financial statements of Sowers Action (the 'Company') set out on pages 10 to 52, which comprise the statement of financial position as at 30 June 2025, and the statement of income and expenditure and other comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 30 June 2025, and of its financial performance and its cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPAs") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**INDEPENDENT AUDITOR'S REPORT
TO THE BOARD OF DIRECTORS
SOWERS ACTION
苗圃行動
(Incorporated in Hong Kong with limited liability)**

Other Information

The directors are responsible for the other information. The other information comprises all of the information included in the report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 405 of the Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

**INDEPENDENT AUDITOR'S REPORT
TO THE BOARD OF DIRECTORS
SOWERS ACTION**

苗圃行動

(Incorporated in Hong Kong with limited liability)

Auditor's responsibilities for the audit of the financial statements (cont'd)

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' uses of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****1. GENERAL INFORMATION**

The Company is a company limited by guarantee incorporated in Hong Kong. The registered office and principal place of operations of the Company is located at Unit 03, 12/F, Block C, Hong Kong Industrial Centre, 489-491 Castle Peak Road, Lai Chi Kok, Kowloon, Hong Kong.

The Company was engaged in funds raising to support the operations of the education program and livelihood needs around the world.

2. BASIS OF PREPARATION

These financial statements have been prepared in accordance with all applicable HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). HKFRS Accounting Standards comprise Hong Kong Financial Reporting Standards (“HKFRS”); Hong Kong Accounting Standards (“HKAS”); and Interpretations. These financial statements also comply with the requirements of the Companies Ordinance (Cap. 622).

The HKICPA has issued certain new and revised HKFRS Accounting Standards that are first effective or available for early adoption for the current accounting period of the Company. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Company for the current and prior accounting periods reflected in these financial statements.

3. ADOPTION OF NEW AND REVISED HKFRS ACCOUNTING STANDARDS**(a) Application of new and revised HKFRS Accounting Standards**

The HKICPA has issued a number of amendments to HKFRS Accounting Standards that are first effective for the current accounting period of the Company. Of these, the following amendments to HKFRS Accounting Standards are relevant to the Company:

Amendments to HKAS 1	Classification of liabilities as Current or Non-current
Amendments to HKAS 1	Non-current Liabilities with Covenants
Hong Kong Interpretation 5 (“HK Int 5”) (Revised)	Presentation of Financial Statements - Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause

None of these developments have had a material effect on how the Company’s results and financial position for the current or prior periods have been prepared or presented. The Company has not applied any amendments to HKFRS Accounting Standards that are not yet effective for the current accounting period.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****3. ADOPTION OF NEW AND REVISED HKFRS ACCOUNTING STANDARDS
(CONT'D)****(b) Revised HKFRS Accounting Standards in issue but not yet effective**

Up to the date of issue of these financial statements, the HKICPA has issued a number of new standards and amendments to standards and interpretation, which are not effective for the year ended 30 June 2025 and which have not been adopted in these financial statements. The Company has not early applied the following which may be relevant to the Company:

	Effective for accounting periods beginning on or after
Amendments to HKAS 21 and HKFRS 1 - Lack of Exchangeability	1 January 2025
Amendments to HKFRS 9 and HKFRS 7 - Classification and Measurement of Financial Instruments	1 January 2026
Annual Improvements to HKFRS Accounting Standards - Volume 11	1 January 2026
HKFRS 18 - Presentation and Disclosure in Financial Statements	1 January 2027
Amendments to HK Int 5 - Presentation of Financial Statements - Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause	1 January 2027

The directors of the Company are in the process of making an assessment of what the impacts of these new standards, amendments to standards and interpretation are expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

SOWERS ACTION**苗圃行動****NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION**

These financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with HKFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The area where assumptions and estimates are significant to the financial statements is disclosed in note 5.

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Foreign currency translation**(i) Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates (the "functional currency"). The financial statements are presented in Hong Kong dollars ("HK\$"), which is the Company's functional and presentation currency.

(ii) Transactions and balances in financial statements

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in surplus or deficit.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. The transaction date is the date on which the Company initially recognises such non-monetary assets or liabilities. Non-monetary items that are measured at fair value in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in surplus or deficit, any exchange component of that gain or loss is recognised in surplus or deficit.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(b) Property, plant and equipment**

Property, plant and equipment are held for administrative purposes. Property, plant and equipment are stated in the statement of financial position at cost, less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

For ownership interests of properties which includes both leasehold land and building elements, the leasehold land and building elements are allocated in proportion to the relative fair values unless such allocation cannot be made reliably, in which case, the entire properties are classified as property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in surplus or deficit during the period in which they are incurred.

Depreciation of property, plant and equipment is calculated at rates sufficient to write off their cost less their residual values over the estimated useful lives on a straight-line basis. The useful lives are as follows:

Leasehold land and buildings	Over the lease terms
Leasehold improvements	The shorter of the lease terms or 5 years
Furniture and equipment	2 - 4 years

The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss on disposal of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in surplus or deficit.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(c) Investment properties**

Investment properties are land and/or buildings which are owned or held under a leasehold interest to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. After initial recognition, investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated using the straight-line method to allocate the cost to the residual value over the lease terms.

An investment property is derecognised upon disposal or when the investment property is withdrawn from use. Any gain or loss on disposal of an investment property is the difference between the net sales proceeds and the carrying amount of the property, and is recognised in surplus or deficit. Rental income from investment properties is accounted for as described in note 4(1).

(d) Leases

At inception of a contract, the Company assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) The Company as a lessee

Where the contract contains lease component(s) and non-lease component(s), the Company has elected not to separate non-lease components and accounts for each lease component and any associated non-lease components as a single lease component for all leases.

At the lease commencement date, the Company recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Company enters into a lease in respect of a low-value asset the Company decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(d) Leases (cont'd)****(i) The Company as a lessee (cont'd)**

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. Lease payments to be made under reasonably certain extension option are also included in the measurement of the lease liability. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method.

Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to surplus or deficit in the accounting period in which they are incurred.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the Company as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third-party financing, and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

SOWERS ACTION**苗圃行動****NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(d) Leases (cont'd)****(i) The Company as a lessee (cont'd)**

If a readily observable amortising loan rate is available to the Company (through recent financing or market data) which has a similar payment profile to the lease, then the Company use that rate as a starting point to determine the incremental borrowing rate.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses.

Right-of-use assets in which the Company is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Company will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in surplus or deficit if the carrying amount of the right-of-use asset has been reduced to zero.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(d) Leases (cont'd)****(i) The Company as a lessee (cont'd)**

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") that is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification.

(ii) The Company as a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

(e) Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in surplus or deficit.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(e) Recognition and derecognition of financial instruments (cont'd)**

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in surplus or deficit.

(f) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are measured subsequently in their entirety at amortised cost.

(g) Other receivables

A receivable is recognised when the Company has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due.

Receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method less allowance for credit losses.

SOWERS ACTION**苗圃行動****NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(h) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for expected credit losses ("ECL").

(i) Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRS Accounting Standards. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

(j) Borrowing

Borrowing is recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in surplus or deficit over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowing is classified as current liabilities unless, at the end of the reporting period, the Company has a right to defer settlement of the liability for at least 12 months after the reporting period.

Covenants that the Company is required to comply with, on or before the end of the reporting period, are considered in classifying loan arrangements with covenants as current or non-current. Covenants that the Company is required to comply with after the reporting period do not affect the classification at the reporting date.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(k) Other payables**

Other payables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

(l) Revenue and other income

Donations are recognised on a cash basis in the period in which the donations are received.

Interest income is recognised as it accrues using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset. For credit impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the asset.

Subscription fee income is recognised on a cash basis in the period in which the subscription fee is received.

Rental income receivable under operating leases is recognised in surplus or deficit in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in surplus or deficit as an integral part of the aggregate net lease payments receivable. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are earned.

(m) Deferred income

Contribution (not including donations for education) received prior to the commencement and completion of a project is deferred. Upon completion of the project, the contribution net of related expenses incurred for the project is credited or charged to surplus or deficit.

Long March for Education Project is an activity jointly hosted by the Company and China Youth Development Foundation. The income or expenditure arising from contribution for administrative expenditure and the related administrative expenses incurred prior to the completion of this activity is deferred and will be recognised to surplus or deficit when activity is completed.

SOWERS ACTION

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(n) Employee benefits****(i) Employee leave entitlements**

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(ii) Pension obligations

The Company contributes to defined contribution retirement schemes which are available to all employees. Contributions to the schemes by the Company and employees are calculated as a percentage of employees' basic salaries. The retirement benefit scheme cost charged to surplus or deficit represents contributions payable by the Company to the funds.

(iii) Termination benefits

Termination benefits are recognised at the earlier of the dates when the Company can no longer withdraw the offer of those benefits, and when the Company recognises restructuring costs and involves the payment of termination benefits.

(o) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(o) Borrowing costs (cont'd)**

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Any specific borrowing that remain outstanding after the related asset is ready for its intended use or sale is included in the general borrowing pool for calculation of capitalisation rate on general borrowings.

All other borrowing costs are recognised in surplus or deficit in the period in which they are incurred.

(p) Government grants

A government grant is recognised when there is reasonable assurance that the Company will comply with the conditions attaching to it and that the grant will be received.

Government grants relating to income are deferred and recognised in surplus or deficit over the period to match them with the costs they are intended to compensate.

Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in surplus or deficit in the period in which they become receivable.

(q) Fund movement

The Company has chosen to present the results and financial position of the Company attributable to different funds as follows.

Chinese education fund

The purpose of the Chinese education fund is to support and finance the development of the education and children welfare program in the People's Republic of China (the "PRC").

SOWERS ACTION

The purpose of the administration fund is to finance the operational costs of the Company.

Development fund

The purpose of the development fund is to finance the advancement of education and relief of poverty in the PRC or elsewhere and the administrative expenditure of the Company.

Overseas fund

The purpose of the overseas fund is to support and finance the advancement of education and relief of poverty in overseas.

Disaster relief fund

The purpose of the disaster relief fund is to finance the urgent needs during the natural disaster in the PRC or elsewhere.

Project fund

The purpose of the project fund is to support and finance the advancement of education and relief of poverty.

Perpetual education aid fund

The purpose of the perpetual education aid fund is to accumulate and apply its investment income or interest to support and finance students in the PRC or elsewhere to pursue study.

Perpetual operation fund

The purpose of the perpetual operation fund is to accumulate and apply its investment income or interest for financing any recurring or re-accruing expenditure of the Company and any other costs that are directly or indirectly required to maintain the daily operation and the existence of the Company.

SOWERS ACTION**苗圃行動****NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(q) Fund movement (cont'd)***Operational costs*

Operational costs represent the administration costs; fund raising costs; program implementation costs and other costs of the Company, which are financed by the administration funds.

Administration costs include the expenditure of the executive officers; the finance and administration department; human resources and information technology support; lease payment and related expenses of the head office; and general expenses and indirect costs.

Fund raising costs include the expenditure of the communications and fund raising department; costs relating to fund raising events; publicity and maintenance of the Company's web page.

Program implementation costs include the expenditure of the mainland office and the project funding department; travelling subsidies to work group and other program implementation costs. The cost of HK\$714,622 (2024: HK\$633,188) was included in the projects cost.

(r) Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date for indications of impairment and where an asset is impaired, it is written down as an expense through the statement of income and expenditure and other comprehensive income to its estimated recoverable amount. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. If this is the case, recoverable amount is determined for the cash-generating unit to which the asset belongs. Recoverable amount is the higher of value in use and the fair value less costs of disposal of the individual asset or the cash-generating unit.

Value in use is the present value of the estimated future cash flows of the asset/cash-generating unit. Present values are computed using pre-tax discount rates that reflect the time value of money and the risks specific to the asset/cash-generating unit whose impairment is being measured.

Impairment losses for cash-generating units are allocated pro rata amongst the assets of the cash-generating unit. Subsequent increases in the recoverable amount caused by changes in estimates are credited to surplus or deficit to the extent that they reverse the impairment.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(s) Impairment of financial assets**

The Company recognises a loss allowance for ECL on all financial assets that are measured at amortised cost. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Company's core operations.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(s) Impairment of financial assets (cont'd)***Significant increase in credit risk (cont'd)*

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if:

- (i) the financial instrument has a low risk of default,
- (ii) the debtor has a strong capacity to meet its contractual cash flow obligations in the near term, and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(s) Impairment of financial assets (cont'd)***Significant increase in credit risk (cont'd)*

The Company considers a financial asset to have low credit risk when the asset has external credit rating of “investment grade” in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of “performing”. Performing means that the counterparty has a strong financial position and there are no past due amounts.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(s) Impairment of financial assets (cont'd)***Credit-impaired financial assets*

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the counterparty;
- a breach of contract, such as a default or past due event;
- the lender(s) of the counterparty, for economic or contractual reasons relating to the counterparty's financial difficulty, having granted to the counterparty a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the counterparty will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Company writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, including when the debtor has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in surplus or deficit.

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****(s) Impairment of financial assets (cont'd)***Measurement and recognition of ECL (cont'd)*

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Company recognises an impairment gain or loss in surplus or deficit for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

(t) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Company has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

(u) Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the end of the reporting period are adjusting events and are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the financial statements when material.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****5. CRITICAL JUDGEMENTS AND KEY ESTIMATES**

In applying the Company's accounting policies, which are described in note 4, the directors are required to make judgements (other than those involving estimations) that have a significant impact on the amounts recognised and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Impairment of investment properties, property, plant and equipment and right-of-use assets

Investment properties, property, plant and equipment and right-of-use assets are stated at cost less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Company has to exercise judgement and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset (including right-of-use assets), the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the recoverable amounts.

The carrying amount of investment properties, property, plant and equipment and right-of-use assets as at 30 June 2025 were HK\$6,744,592 (2024: HK\$7,052,330), HK\$12,752,530 (2024: HK\$13,526,548) and HK\$287,755 (2024: HK\$452,327) respectively.

SOWERS ACTION

苗圃行動

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****6. FINANCIAL RISK MANAGEMENT AND POLICIES**

The Company's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

(i) Foreign currency risk

The Company has minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in HK\$ and Renminbi ("RMB"). The Company currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Company monitors its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

At 30 June 2025, if RMB had weakened 5% (2024: 5%) against HK\$ with all other variables held constant, deficit for the year would have been HK\$1,924,414 (2024: HK\$1,934,504) higher, arising mainly as a result of the net foreign exchange loss on bank balances denominated in RMB. There would be an equal and opposite impact on deficit for the year if RMB had strengthened 5% (2024: 5%) against HK\$.

(ii) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities and from its financing activities, including deposits with banks. The Company's exposure to credit risk arising from cash and cash equivalents is limited because the counterparties are banks with high credit-rating assigned by international credit-rating agencies, for which the Company considers to have low credit risk.

All of the Company's financial assets measured at amortised cost are considered to have low credit risk, and the loss allowance recognised during the period was therefore limited to 12-month expected losses. They are considered to be low credit risk when they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the near term.

Financial assets at amortised cost include deposits and other receivables and bank and cash balances.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****6. FINANCIAL RISK MANAGEMENT AND POLICIES (CONT'D)****(iii) Liquidity risk**

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The maturity analysis based on contractual undiscounted cash flows of the Company's non-derivative financial liabilities is as follows:

	Less than 1 year and on demand HK\$	Between 1 and 2 years HK\$	Total HK\$
30 June 2025			
Other payables and accruals	375,300	-	375,300
Secured bank borrowing (note)	2,572,153	-	2,572,153
Lease liabilities	218,554	82,500	301,054
30 June 2024			
Other payables and accruals	129,100	-	129,100
Secured bank borrowing (note)	2,694,446	-	2,694,446
Lease liabilities	198,000	280,500	478,500

Note: Secured bank borrowing with a repayment on demand clause is included in the 'Less than 1 year and on demand' time band in the above maturity analysis. Taking into account the Company's financial position, the directors do not believe that it is probable that the bank will exercise its discretionary rights to demand immediate repayment. The directors believe that such secured bank borrowing will be repaid in accordance with the scheduled repayment dates set out in the loan agreement.

The maturity analysis of secured bank borrowing subject to a repayment on demand clause based on scheduled repayments is as follows:

	Less than 1 year HK\$	Between 1 and 2 years HK\$	Between 2 and 5 years HK\$	Over 5 years HK\$	Total HK\$
At 30 June 2025					
Secured bank borrowing	209,367	209,367	488,036	2,452,424	3,359,194
At 30 June 2024					
Secured bank borrowing	209,366	209,367	628,099	2,529,712	3,576,544

SOWERS ACTION**苗圃行動****NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****6. FINANCIAL RISK MANAGEMENT AND POLICIES (CONT'D)****(iv) Interest rate risk**

The Company's cash flow interest rate risk primarily relates to variable-rate bank deposits and bank borrowing. It is the Company's policy to keep its bank deposits and borrowing at floating rate of interest so as to minimise the fair value interest rate risk. The Company currently does not have an interest rate hedging policy. However, management monitors interest rate exposure closely and will consider other necessary action when significant interest rate exposure is anticipated.

The effect of changes in interest rates is not significant to the financial statements. The Company has no other significant interest-bearing assets and liabilities except for bank deposits and bank borrowing, the Company's surplus and operating cash flows are substantially independent of changes in market interest rates.

(v) Capital policy

The Company is incorporated in Hong Kong as a limited company without a share capital. It is a tax-exempt charity recognised by the Inland Revenue Department. Its constitution prohibits the payment of remuneration to its directors, and the distribution of its surplus and assets to its members.

The Company manages its general operating fund and designated funds so as to (i) fulfill its commitments to relief and community development ministries, (ii) support its own long-term development, and (iii) meet short-term cash flow requirements.

A summary of the general operating fund and designated funds is set out in the statement of changes in funds on page 11.

At 30 June 2024	<u><u>7,052,330</u></u>
-----------------	-------------------------

The investment properties consist of one residential property and one commercial property located in Hong Kong and the commercial property has been leased out to earn rental income to support the daily operations of the Company.

The fair value of the investment properties at 30 June 2025 were HK\$10,745,700 (2024: HK\$10,976,000). The valuation was determined by the directors with reference to recent market transactions of similar properties in similar locations and conditions. There has been no change of the valuation technique used in the prior year. In estimating the highest and best use of the property is their current use.

At 30 June 2025, the carrying amount of an investment property pledged as security for the Company's bank borrowing amounted to HK\$6,744,592 (2024: HK\$7,052,330).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025****20. RIGHT-OF-USE ASSETS (CONT'D)**

Lease liabilities of HK\$286,283 (2024: HK\$437,282) are recognised with related right-of-use assets of HK\$287,755 (2024: HK\$452,327) as at 30 June 2025. The lease agreement does not impose any covenants other than the security interests in the leased asset that are held by the lessor. Leased properties may not be used as security for borrowing purposes.

	<u>2025</u> HK\$	<u>2024</u> HK\$
Depreciation expenses on right-of-use assets	204,953	514,553
Interest expense on lease liabilities	27,173	28,464
Expenses relating to short-term leases	<u>79,056</u>	<u>76,812</u>

Details of total cash outflow for leases is set out in note 27(b).

For both years, the Company leases various offices for its operations. Lease contract is entered into for a fixed term of 2 to 3 years. In determining the lease term and assessing the length of the non-cancellable period, the Company applies the definition of a contract and determines the period for which the contract is enforceable.

21. PREPAYMENTS, OTHER RECEIVABLES AND DEPOSITS

	<u>2025</u> HK\$	<u>2024</u> HK\$
Included in current assets:		
Prepayments	-	25,436
